ptc education

3. **Unzip** the downloaded zip file (MED-100WIN-CD-460_9-#-#_Win64.zip):

represents the build code of Creo you downloaded. The actual number will vary as additional Creo builds are released.

Right-click the downloaded is zip file, select **Extract All** and then select a location where the files will be unzipped to. Select a location you can easily access, such as your Desktop.

• Use Windows Explorer to open the resulting **MED-100WIN-CD-460_9-#-#_Win64** folder.

This folder can be copied to a shared drive, DVD or thumb drive and then be used to install the software on other computers.

- Temporarily disable all firewall, anti-virus and anti-spyware applications.
- Run setup.exe. Do <u>NOT</u> use setup-schools.exe, this will cause errors.
 - Right-click **setup.exe** and select **Run as administrator** from the pop-up menu.
